

School Development Plan Priorities:

- ◆ Raise standards by ensuring better consistency of progress in every class
- ◆ Improve systems for learning feedback where better responses are required from pupils
- ◆ Co-ordinate appropriate policies across the Federation to allow for clearer accountability and smoother transition for pupils
- ◆ Continue to 'close the gaps' by focussing support on underperforming 'groups' of children, such as PP and SEN
- ◆ Ensure that more lessons (90%) are graded 'good' or better.
- ◆ Developing pupils understanding of behaviour for learning
- ◆ Developing Independent Learning and 'getting unstuck'!
- ◆ Review 'how well does teaching enable pupils to develop skills in reading, writing and maths'?
